Service Guide for Central Bucks Schools
“Helping Students Flourish”

Introducing ARAMARK

Dear Colleagues,

This initial guide has been developed to acquaint you with your food services management team at Central Bucks as well as the services that we are able to provide and how to obtain them. Included are key contact phone numbers.

Our local team consists of more than 140 individuals from the Central Bucks area and nearby communities who are committed to providing high quality food and customer service in a safe and healthy environment. All of our efforts are coordinated through the leadership team at 16 Welden Drive. ARAMARK is proud to partner with the Central Bucks School District to meet the needs of the students, staff, faculty and the Central Bucks Community.

We welcome your comments and suggestions so we can meet and exceed your expectations.

Craig Linn

General Manager
