

**CENTRAL BUCKS SCHOOL DISTRICT COMMUNITY SCHOOL
2016 CAMP BENCHMARK at MILL CREEK ELEMENTARY**

This is a summer remediation program, designed for Central Bucks students who are demonstrating academic performance in the Approaching and Limited Progress areas on the Student Progress Reporting Form for the 3rd Marking Period. If you are unsure as to whether your student would benefit from this program, please discuss with your child's teacher. Out-of-district students may enroll depending upon availability. These courses are appropriate for students completing grades K-6 and needing additional assistance to meet the established Central Bucks Benchmarks. **Note:** register your child for their current grade level as this is a remediation program.

Click the Community School link on the district website (www.cbsd.org) to register using

Registration will be available online beginning March 23, 2016.

READING

- Grades K-2 Use of word recognition techniques and phonics to develop stronger reading strategies to become more independent readers.
- Grades 3/4 -Use of word recognition techniques to develop stronger reading strategies to become more fluent and independent readers.
- Grades 5/6-Strengthening reading strategies, by concentrating on vocabulary development and comprehension activities to become more independent readers.

MATH

- Grades K-2 Reinforce basic math skills
- Grades 3/4-Reinforce basic math skills, further understanding basic math concepts, develop problem-solving strategies, and write about mathematical thinking
- Grades 5/6-Develop a deeper conceptual understanding of math by using their basic math skills in problem-solving activities and writing about mathematical thinking

WRITING

- Grades 3/4- Strengthen writing skills, including choosing appropriate topics, developing ideas and writing to the interest of an audience. Grammar and mechanics reinforced.
- Grades 5/6- Strengthen writing skills by employing strategies to become a more sophisticated writer. Continue to develop topics and ideas. Work on constructing pieces of writing that are more complex.
