

CENTRAL BUCKS SCHOOL DISTRICT

LEADING THE WAY

The Central Bucks Schools will provide all students with the academic and problem-solving skills essential for personal development, responsible citizenship, and life-long learning.

January 2011

Dear Parents,

In order for students to be granted accommodations on College Board test, these accommodations must be approved by the College Board's Services for Students with Disabilities (SSD). Most students apply for accommodations with the assistance of their school's SSD Coordinator. A recent change in the process requires that applications for accommodations for the PSAT and SAT tests be submitted online.

The purpose of this letter is to familiarize you with steps involved in the new application system. You can initiate the process by going online to www.collegeboard.com/ssd/student where you will find a number of related links. One of the links provides a **parent consent form**. If you cannot print out the form, please ask your child's case manager. **The signed consent form MUST be returned to the case manager no later than 7 weeks prior to the actual testing date.** Once the form is received, the school can then proceed with the application.

Also, please be sure to read the additional information provided on the College Board's SSD web site, including the links that explain eligibility criteria, documentation requirements, and important SSD dates.

Please contact your child's case manager with questions.

Sincerely,

Central Bucks School District
Special Education Department
