

**The mission of Central Bucks
East is to inspire the human
spirit and create opportunities
for all students to be successful**

OUR TEACHING is about quality. We are passionate about learning, about promoting learning, about meeting students where they are and guiding them to their full potential. Our work will never be done.

OUR FACULTY is a team. Our work is our passion. Together, we embrace collegiality and respect. We strive to create a place where we can be ourselves and appreciate our differences, a place where everyone is treated with dignity. And we pledge to hold one another to that standard.

OUR STUDENTS are why we are here. When we are fully engaged, we connect with, laugh with and uplift their lives – if only for a moment each day. We value instruction, but our work goes far beyond that. Our work is about connection.

OUR CLASSROOMS are a haven, a place to learn, a place to embrace struggle free of judgment. They are a place for our students to take risks, to rediscover the joy of knowledge, to foster belonging and renew their humanity.

OUR SCHOOL is our people. Every student, staff member and classroom is part of our school. We take our responsibility to be positive school citizens seriously. We want to be a force for positive action, bringing every member of the CBE family together to contribute. We understand the importance of this responsibility.

OUR COMMUNITY entrusts us with their children. We are accountable to these families. We understand and embrace the power of relationships with the community, and we partner with them to enrich our students' lives.
