

Dear Student,

Welcome to second grade! I look forward to the start of school and hope you had a relaxing and enjoyable summer vacation. I have lots of learning and fun planned for this year. Let me first tell you a little bit about myself. I have been teaching since 2001. I went to Elizabethtown College for Elementary Education and received my Masters in Special Education at Arcadia University. I have two children. My youngest daughter, Addison, turned nine in June. Emily, my oldest daughter, is eleven. My husband is a physical therapist in Horsham. My family and I live in Doylestown with our cat named Bella. We spent the summer riding bikes, playing soccer, and going to the beach. When I am not spending time with my family, I love to read and watch movies. Most importantly, I love teaching. I can't wait to learn about your interests and hear how your summer was spent!

I am very excited to be starting a new year at Groveland Elementary. I am sure that this class will be my best yet! You probably have been thinking about the upcoming school year. There are lots of changes and new ways to learn. Don't worry. I am here to help you every step of the way. Here are some things you should know for the first day of school. We will begin our day by getting to know each other using a TEAMS call on your new iPads. There will be breaks throughout the day for snack, recess, and lunch. I look forward to meeting you soon. Enjoy these last days of summer and get ready for a great year!

Sincerely,

Mrs. Schaab
