Cameron Blind*
Joey Modestine

* Senior Member

Program

Luminaria

William Himes

Elements

Movement I. Air
Movement IV. Fire
Brian Balmages

Caprice

William Himes

Concert Wind Ensemble

Samantha Albert

will attend the University of Pittsburgh to study Molecular Biology. Sam loves playing and performing music so being able to make friends and perform with each other for the past three years has been her favorite part of band.

Cameron Blind

plans to take a gap year to work, then enroll in medical school to pursue a career in nursing. The most important thing he learned in band is how to play a mallet instrument. I originally despised playing them but I developed a desire to play them and get better and better after my first outdoor season

Blake Blind

plans to take a gap year to work After the gab year, then pursue a degree in robotics. Blake's favorite memory was accidentally exploding a packet of mayonnaise on the synth.

Keara Brand

plans to attend Carnegie Mellon University to study Drama Production and Design. Her favorite Band memory was the Norfolk trip in 10th grade. It was awesome to play at Busch Gardens (despite the rain) and the clinic was so interesting.

Jeffrey Fountain

plans to attend college and pursue a degree in Finance.

C.J. Frisbie

will attend Penn State's Schreyer Honors College to study immunology. His favorite memory is either the UD trip in sophomore year, or playing with CLAMM Factor.

Katie Gonsiewski

is going to East Carolina University in the fall, but has not decided on a major. Katie's favorite memories from band were the trips and meeting the new freshmen each year!

Jason Graham

will be enlisting in the United States Navy.

Max Harren

will attend the University of Vermont to study Linguistics.

Diana Henne

plans to attend Temple University to pursue a degree in Psychology. Diana's favorite Band memory was the Virginia Trip in 2019.

Dominic Hernandez

plans to attend Penn State and has not yet declared a major.

Caden Huffman

will be attending Boston university to major in Computer Science. His favorite memory was going to Busch Gardens during the Marching Band's trip to Virginia.

Milo Jezzeny

will be attending Brown University and will most likely be majoring in Economics. Milo's favorite jazz band memory was the University of Delaware festival in 10th grade.

Aidan Kelleher

will attend Belmont University to pursue a degree in Music Business and Management.

Colin Messenger

plans to attend Rider University next year and will be majoring in Popular Music / Joining the Popular Music program. Colin's favorite memory is playing music with his friends. There is something incredibly special about connecting with your friends & those you love through music.

Liam Price

will be attending college at the University of Notre Dame, studying International Relations. His favorite band memory is playing in a quintet with my best friends

Ani Nangunoori

will be entering college at the University of Pittsburgh, with an intended major in molecular biology. His favorite/most impactful band memory was in 9th grade, when he soloed in my first Jazz band performance- he was super nervous, but it ended up being a ton of fun!

Laney Morton

plans to attend Moravian College to major in Psychology and Minor in art (possibly another minor in economics). One of her favorite Band memories was one year when we were waiting to go on stage for the band concert and someone told us to go to the band room to wait. Only 6 of us heard the memo so we were just waiting there for a good 15 minutes before noticing that we should probably go back to find the rest of the band. Those 15 minutes are hard to describe but within that time, someone nearly fell in the sink, someone else rode a stand rack across the room, and crawling through the window seemed like an interesting idea at the time. The whole time we told inside jokes and laughed for seemingly no reason. That will always be one of the weirdest yet most fun experiences in band. Thank god we made it back to the group right when we were going on stage to perform.

Jack Prisco

will continue playing drums and learning how to play in instrumental ensembles at the Baldwin Wallace Conservatory of Music for a Bachelor of Music degree in Musical Theater. Band taught Jack the importance of leading and being led in ensemble work.

Natalie Repper

will attend West Chester University to study Music Composition. Her favorite memory is playing at the Flyers game last February and playing soprano sax solos in marching band

Nathaniel Rosini

will attend Temple University to major in music technology and minor in Chinese. It was too hard for Nathaniel to choose a favorite memory, as he enjoyed a majority of my band experiences at West..

Lauren Rush

is headed to Gwynedd Mercy University to study Radiologic Sciences. Lauren's favorite memory is playing stand tunes at the Friday night football games.

Dru Sanchez

will be enlisting in the United State Marine Corps. His favorite memory from being in the West Band is probably the 2017 East vs. West game when we won and played March On on for what felt like an hour.

Alison Silldorff

plans to attend Princeton University and major in Computer Science. Her favorite band memory is from a class in junior year was playing a brief solo in a piece. She had just played the solo for the first time in a while, messed it up, and Mr. Delson suggested I just start again. It was nearly silent at the start of the solo, but immediately played a wrong note at the entrance, forgetting that the key had changed. The timing was comedic, and everyone burst into laughter. It was a prime example of the welcoming and positive environment of band at West.

Caroline Sypawka

will be attending University of Pittsburgh with an undecided major. Caroline's favorite band memory is the Band trip we took during sophomore year. It was just a very positive experience for her and she had a great time with the rest of the Band.

Reuben Trachtenberg

will attend college next year but has not yet declared a major. Reuben's favorite Band memory was being introduced to new music.

Payton Bonner

**COLOR GUARD, INDOOR
COLOR GUARD**

Jordan Carlen

will attend Buck County Community College to pursue a degree in Nursing. Jordan's favorite memory in marching band is singing early 2000's bops at the top of our lungs on the buses on our way to games and competitions!

Brianna Cartin

Will attend West Virginia University and study to be a Forensic Examiner with a Minor in Psychology. Her favorite memories are performing at champs and the bus rides on the way to and from competitions.

Alena Lenox

will attend Penn State Main campus to pursue a degree in Chemical Engineering.

*CB West Band Seniors
Class of 2021*

Sydney Periard

*will attend Albright College
to major in Costume and Fashion
Design. Her favorite memory from
Band is the Halloween game from
this year. It was so much fun to dress
up and hang out while playing music
together.*
