

Microsoft Teams

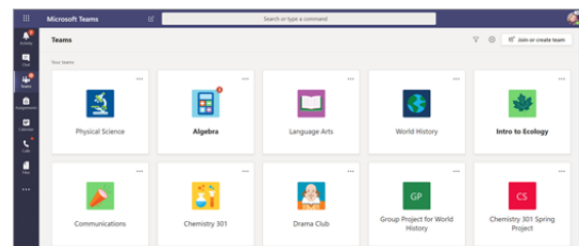

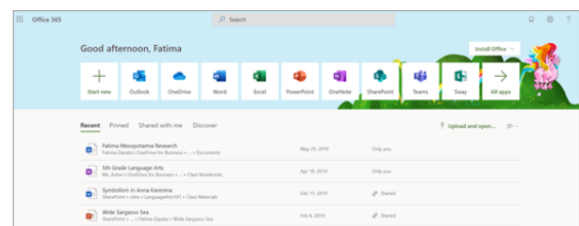

Microsoft Teams for Education

Access your online classroom right away in Office 365 Education and Microsoft Teams. Grab your device and your school sign-in information and head into class at Office.com.

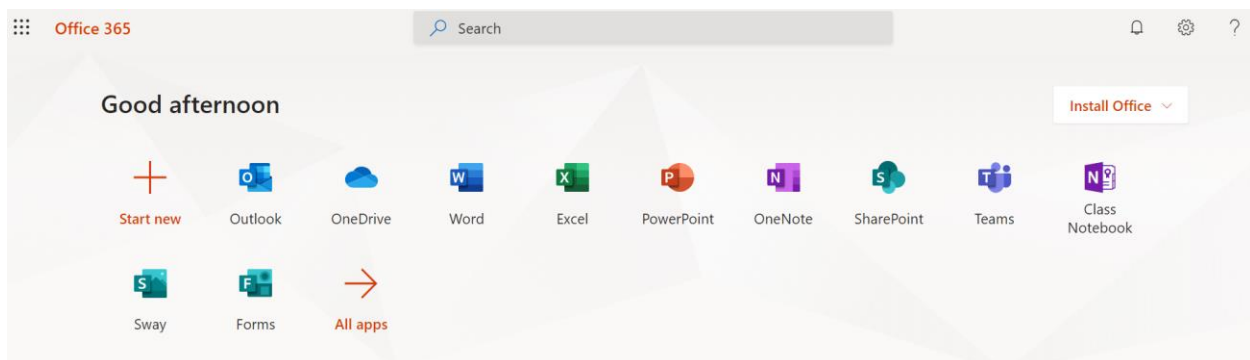

Educators **Students**

Sign in to Teams

1. Open [Office.com](https://office.com) and sign in with your school email and password.
2. From your Office.com homepage, click on the **Teams** app to open right in your browser.
3. Select **Teams**  in to see which class teams you're in. If your teacher has already set up the class team and added you, you'll see one or more (depending on how many classes you have) class team tiles.

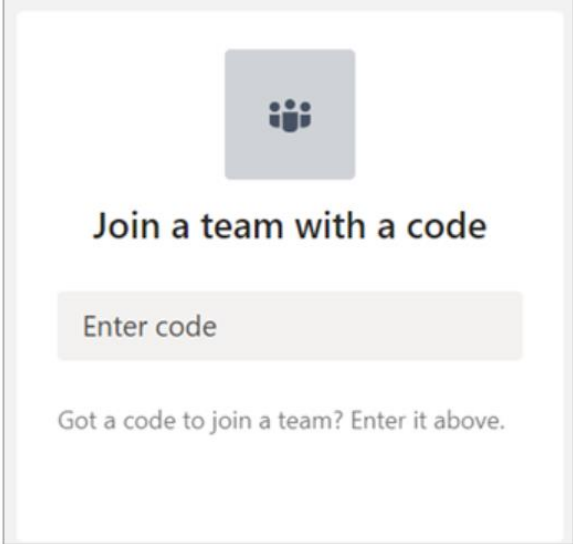

This is what our Office Homepage will look like once your child logs in.

Notes: Don't see any class team tiles? Your teacher may have invited you to join your class team with:

- A join code (from the Teams page, select **Join or create a team** and enter the code)
- A link (check your email!)

When you see your class tiles, click on one to start connecting with your teacher and classmates!

The screenshot shows a Microsoft Teams interface for joining a team. At the top center is a grey square icon with the Teams logo (four people icons). Below the icon, the text "Join a team with a code" is displayed in a bold, dark font. Underneath this text is a light grey rectangular input field with the placeholder text "Enter code". At the bottom of the interface, there is a smaller line of text that reads "Got a code to join a team? Enter it above."

The Learning Support Team of Teachers is inviting students and parents using an e-mail with a link so please check your e-mail daily.
