

MEET THE TEACHER!

Hello Groveland! I am so excited to be your new librarian. I look forward to working with everyone and wanted to introduce myself to you. Please read my newsletter to learn a little bit about me.

Besides teaching, one of my passions is traveling. Last summer my husband and I traveled to Ecuador, the Galapagos Islands, and Machu Picchu in Peru. This summer we will be tracing my family's roots through Europe. We also like to relax in the Poconos and at the beach with our families.

While at home in Doylestown, I enjoy reading a wide variety of books. I always have at least three different genres of books on my desk at one time. I also spend time outdoors in my vegetable garden and experimenting with different recipes in the kitchen. You may see us out and about in town, walking our dog, Gracie. She recently passed her therapy dog test and is volunteering at nursing homes and hospice facilities.

Music is another passion of mine. I love listening to different types of music, from reggae to country. When I turned forty, I started taking drum lessons and spent several years as a drummer in a local band. I still pick up the sticks and hit the skins in my free time.

My Hobbies

My Favorites

Food: Mint Chip Ice Cream
Movie: *Up*
Book: *Walk Two Moons*
Color: Sky blue
Season: Fall
Sports: Paddle Boarding
Subject: Reading, of course 😊
Candy: Junior Mints
Restaurant: Liberty Hall Pizza
Flower: Zinnias

My Education & Experience

I graduated from Penn State in 1992 and Arcadia University in 1996. I have teaching certifications in Elementary Education, Library Science, Middle School Math, and Middle School Science. Currently, I am pursuing a Secondary Science Education degree from East Stroudsburg University.

In 1993 I began my teaching career in an elementary classroom and then became the librarian at Kutz. After eleven years in the library, I returned to the classroom and taught sixth grade for the nine years before moving to fifth grade. In January of 2020, I made the move to the library at Groveland and hope to spend the rest of my career here!
