

hello

My name is Laura Killion, and I am pleased to introduce myself as your student's fifth-grade teacher for the 2021-2021 school year. I am so excited to see how much we will learn together! During the first weeks of school, we will spend time getting to know one another and building our classroom community.

Since the students did not have a traditional move-up day, I wanted to share a bit about myself. This is my sixth year at Pine Run, and I love being in an open space school because of the cohesiveness among the staff, students, and families. I grew up in Bucks County and was a graduate of CB schools. I received my undergraduate degree from Elizabethtown College in Elementary and Special Education. After graduation, I moved to Northern Virginia, where I taught third grade. I returned home after two years and have been a teacher at Pine Run ever since! In addition to my undergraduate degree, I recently received my master's degree from Millersville University in Gifted Education.

Currently, I live in Warrington where I enjoy spending my free time reading, traveling, and running. This summer, I spent more time running than usual as I am training for a marathon! I also went to Maine to visit family.

I look forward to a successful year in Fifth Grade! I wish you a restful and exciting end to your summer and will see you in September. In the meantime, if you need to contact me for any reason, please email me at killion@cbsd.org.

Miss Laura Killion
