

TITUS ORCHESTRA

CLASS

Special area lessons are moving from our websites to Seesaw Class! Students can access Seesaw Class in two ways:

iPad/Laptop/iPhone/Smart Device with internet:

myapps.microsoft.com (there is no www)
 Login (student email and password)
 Click the Clever tile

Click Seesaw Class

SMART Device:

Download Seesaw Class App

Select "I'm a Student"
 Scan At Home Class Code
(ask your classroom teacher or a specialist for this code - you only need ONE code to access all of your classes!)

Things to know:

Once students are signed into Seesaw they will see their classes listed under their name. Students must tap/click the class they want to work in and post their assignments (we want to make sure that students post music in the music class and homeroom work in the homeroom class).

If two family members are using the same device, please sign-out one child and then sign back in with the second child.

- Tap/click Student Name
- Tap/click Gear
- Tap/click Sign Out
- Sign in again
