Also attached, you will find most common word cards you can use to practice at home. Try the following ideas to help your child learn these words:

1. Use the words as a resource when completing writing assignments.
2. Make a word bank using an index file box or punch a hole in the cards and put on a metal ring.
3. Make the words with magnetic letters on the refrigerator or baking sheet.
4. Put other words on cards and create sentences with the words.
5. Identify sight words when reading with your child.
6. Practice writing the words in fun ways, using sidewalk chalk, shaving cream, etc...

Thank you for supporting your child's learning!
