### Mr. Endy's Supply List 24-25

1. A silent reading book that interests you and is on your reading level. Hopefully, you are reading this summer and have read some of this book already.
2. Ten folders with pockets and metal fasteners to attach notebook paper in the middle. It might be a good idea to buy different colors so that you can easily find them in your desk. (Please do NOT label the folders, as we will be doing this on the first day.)
3. Two (2) hundred sheets of lined notebook paper with holes so we can attach them to the folders. Bring about 100 sheets with you and leave the rest at home. (Please do not attach the paper, as we will be doing this the first day of school.
4. A box of tissues with your name on it (if possible)
5. Hand sanitizer (small) for yourself.
6. One pack of 5x8 note cards with lines. (You should have these, but they should be stored at home.)
7. Disinfecting wipes
8. Ear buds or headphones in a plastic bag labeled with your name
9. Here is the most fun part: Your first assignment is to cut out from magazines or make photocopies of pictures of family photographs, favorite foods, musicians, sports, and words or phrases that say something meaningful about you. You should bring these with you on the first day of school in a neat, organized way. You should have enough to fully cover a 9x11 sheet of construction paper. Do not glue them on the construction paper. We will be assembling our "real me" collages during the first week of school. Good luck and happy hunting.
