

NoodleTools Overview

Getting Started

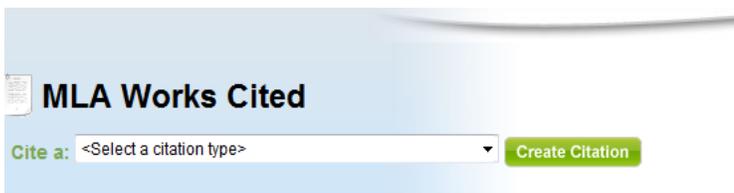

1. Create a new project

2. Once you find a source you want to add information you need to create a bibliography for that source. You will first need to click on the project. Then, click on bibliography at the top.

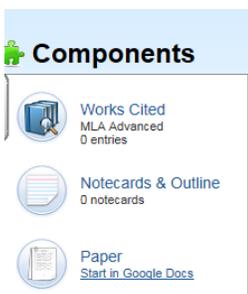

3. Use the drop down menu to choose the type of bibliography you want to create.

Creating/Adding Notecards

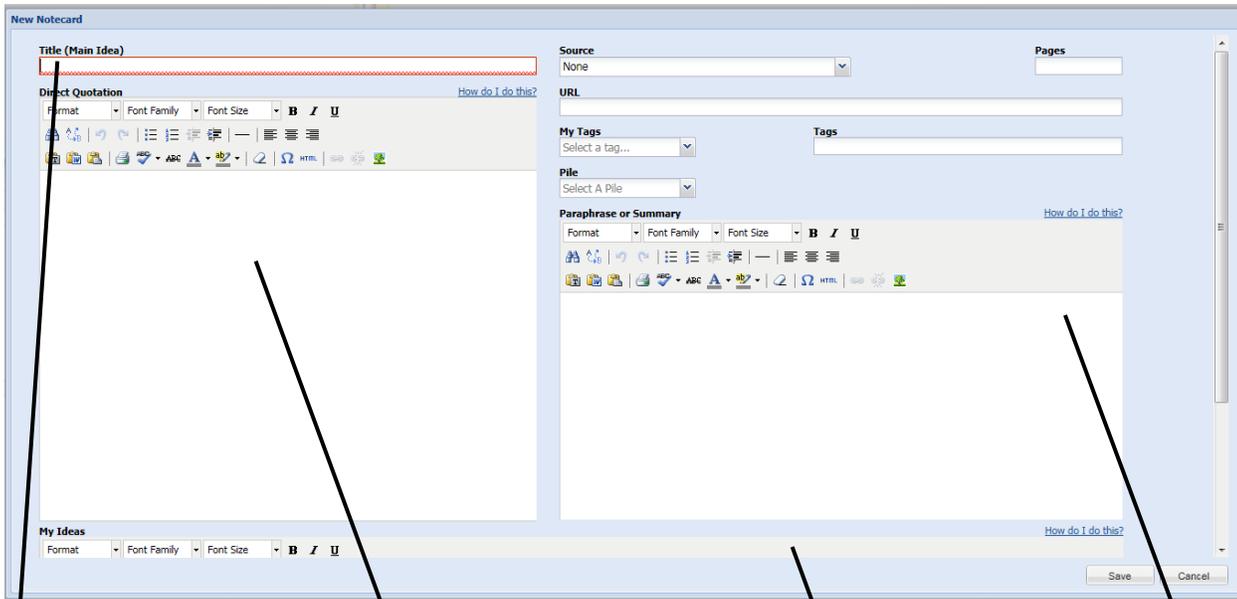

1. Click on "Notecards & Outline"

2. Click "New notecard".

3. Below is what you will see and the arrows show you what you need to fill out.

Give a title to the card...ex. accomplishments or background

Copy & paste a paragraph or a few sentences...if you're using a book you can leave this part blank.

Explain the passage in your own words! What does it mean?

My ideas=your thoughts on the information! Ex. "Now I'm wondering...or "this makes me think of" etc. or you can "tag" specific points.
