

# GATHER IDEAS FOR THE THEME OF YOUR GAME

LET'S LOOK AT YOUR LIFE AND INTERESTS AND THINK OF 3 THINGS THAT COULD BE USED TO CREATE A GAME

HERE IS MY EXAMPLE FOR ONE PART OF MY LIFE.

THE THING I DO OR AN INTEREST OF MINE THAT COULD BE USED TO CREATE A GAME:

I like to fish for lots of types of fish, but I'll make this game about catching trout!

WHAT WOULD I DO TO CREATE A GAME ABOUT MY IDEA?

Players would have to catch trout to win. They could get points based on the length of the fish.

WHAT ARE MY STARTING IDEAS FOR THIS GAME?

The board game would look like a stream. Players would roll dice to move up or down the stream to "fishing holes" where they could try to catch trout by rolling dice. One die would tell the type of fish based on the number rolled, the other would tell its size based on the number rolled.
