OUR MOTIVE AND THE GIFT OF LIFE FOUNDATION

Holding a fundraiser for the Gift of Life Foundation can make a life changing difference for people like Jerry Alampi. Mr. Alampi, a Driver's Education teacher at Central Bucks East, needed a kidney. When my brother, Ben, found out that he had 18 months to live, he dropped everything to help him find a kidney. This heroic act urges me to do the things that Ben did. Nicole and I would love to help people like Mr. Alampi, who now has 25 more years to live a happy, healthy life.

Holicong's Health and P.E. department is excited to announce they have officially launched their annual Hoops for Heart fundraiser in P.E. classes. This fundraising event helps educate students how to take care of their hearts through proper diet and exercise. Millions of Americans live with heart disease, stroke, or a cardiovascular disease. Your donations will help us save and improve their lives with research, education, and emergency care. We are asking for students to donate \$1 to the cause. Donations can be made by check or cash. Please make checks payable to the "American Heart Association".

A special thanks to the Berube family for their generous donations, the P.E. department will be raffling off the opportunity to win a Flyer's Hockey stick signed by #32 Mark Streit or four Flyers tickets located in Club Box 3 on February 5th vs. the New York Islanders. A \$5 donation receives one raffle ticket, a \$10 donation receives three raffle tickets, a \$15 donations receives five raffle tickets, and a \$20 donations receives seven raffle tickets.

All donations can be made in the Gym to Mr. Cochran or Mrs. Hendershot. Thank you in advance for your Holicong support in this special event.

Colonial Coat Drive

Bring in GENTLY USED or NEW
Adult & Youth Jackets
By Friday, January 23rd

The collection will benefit local residents.

Dr. David Smith from Doylestown Hospital will be presenting to our 9th grade PE classes tomorrow and Friday. His presentation is on the obesity epidemic in the United States. His message is for the students to understand the importance of fitness, nutrition, not smoking and leading a healthy lifestyle
