

Adding CBSD Student Email to Androids

1. Tap **Settings** > **Accounts** > **Add account** > **Email**.
2. Type your full email address:
lastname.f123@student.cbsd.org, type your password, and then tap **Next**.
3. Select the **Exchange** option.
4. You might receive a message about additional security features. Select **OK** to continue.

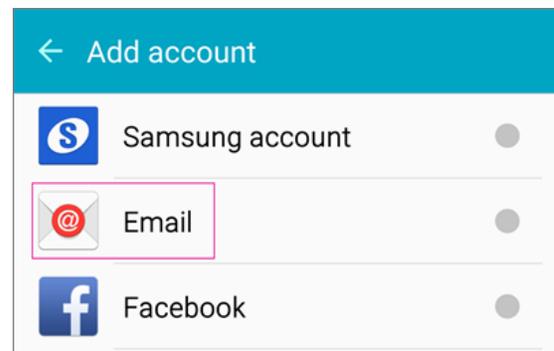

5. Once the device verifies the server settings, the **Account Options** page opens. Accept the defaults or select the options for how you want to receive and send your mail, and then tap **Next**. (You may need to scroll down to see **Next**.)
6. On the **Set up email** page you can change the name of your account. When you're finished tap **Done**.

If your device can't connect make sure you typed your email address and password correctly and try again. If you still can't connect try setting it up manually following the steps below.

Manual set up

1. Tap **Settings** > **Accounts** > **Add account** > **Email**.
2. Type your full email address
lastname.f123@student.cbsd.org, type your password, and then tap **Next**.
3. Select **Manual**.
4. Review the settings on the **Exchange server settings** page and update if necessary.

- o **Email** Make sure your full email address is in this box
lastname.f123@student.cbsd.org
- o **Domain\Username** Type your full email address in this box,
lastname.f123@student.cbsd.org. If **Domain** and **Username** are separate text boxes in your version of Android, leave the **Domain** box empty, and type your full email address in the **Username** box.
- o **Password** Use the password that you use to access your account.
- o **Exchange Server** The server name for Office 365 for business is
outlook.office365.com.
- o Make sure the **Use secure connections (SSL)** box is checked.
