

Dear Future Fifth Grader,

Hello! My name is Mrs. Moriarty and I will be your fifth-grade teacher this year and I am beyond excited to get to meet you. Before you know it, you will be an official fifth grader! This year will certainly be different from any other school year so far at Jamison, but I know you will be up for the challenges, flexible with the new style of learning, and have a positive attitude as a member of our class! I hope you are getting excited to start your fifth grade year!

Are you ready for a great school year? In fifth-grade you will be learning about Native Americans and their important role in US history, how to write research papers, how to multiply and divide fractions, how energy works around us, and much, much more! You will also become more responsible and independent. I look forward to teaching you all about technology and how to become a computer genius! I hope this year will be all that you imagined.

I am sure you want to know a little more about me. My family lives in Florida and was married there three years ago! I have a five-year-old fur-baby, Oliver and a new puppy, Charlie! I grew up in Pennsylvania and live close to our school. I attended Penn State University, where I learned how to become a teacher. I love being an educator and look forward to sharing my love of knowledge with you. I enjoy using technology in my classroom and getting you involved in your learning. My favorite subject to teach is Math. My favorite subject when I was in fifth grade was Social Studies!

Outside of school, I coach soccer. I coach two girl's teams: The Warrington Fusion and the CB South Lady Titans! In my spare time, I enjoy reading, traveling, playing soccer, cooking, and exploring technology with my iPad. I love animals, especially dogs. My favorite vacation spot is anywhere warm with a beach! Anyway-that is enough about me. I look forward to learning about you throughout the school year.

Have a fantastic rest of the summer!

Can't wait to meet you,
Mrs. Moriarty
