Using Bar Models: Addition and Subtraction

**Write a two-step problem for each bar model.
Use the words and numbers to help you.
Then, solve the problem.**

motorcycles cars
fewer than vehicles
parking lot in all

[illegible]

2

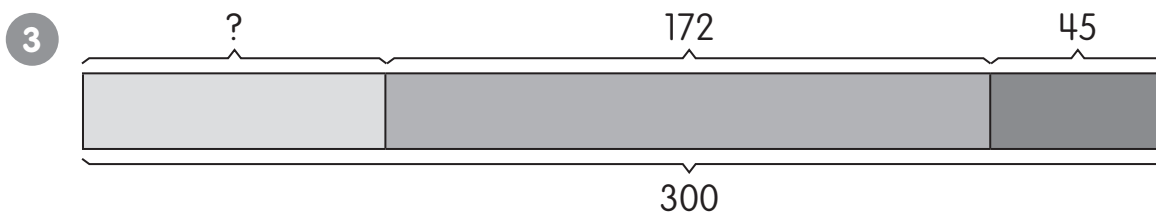

chickens	goats
farm	more than
left	sold

chickens	goats
farm	more than
left	sold

Write a two-step problem for each bar model.

Use the words and numbers to help you.

Then, solve the problem.

people	Tuesday
musical	Monday
watched	Wednesday

[illegible]

200

170

350

?

[illegible]

Solve.

Draw a bar model to help you.

- 5 A postman delivered 25 more letters on Monday than on Tuesday.
He delivered 15 fewer letters on Tuesday than on Wednesday.
He delivered 68 letters on Wednesday.
How many letters did he deliver on the three days?
