

Week of April 13- 17 ~ Family Fun Art Idea- Family Hearts Together

**“When the world had to stay apart,
together was our favorite place to be!”**

Directions:

- 1. Count the number of people in your family.**
 - 2. Get a different color of construction paper for each person. If you do not have construction paper, any paper will do.**
 - 3. Trace each person’s hand. Trace the same hand for each person.**
 - 4. Cut each hand out carefully. Mom/dad/brother/sister can help.**
 - 5. Have each person write his/her name on the thumb.**
 - 6. Look at the example in the separate link below.**
- Glue each hand to a large paper or poster- one on top of the other with the palms beginning at the same place so you can see the different sizes. Place the largest hand down first and the smallest hand down last. The hands will be different sizes as the example.**
- 7. Cut out a heart, write you Family last name on it and glue it near the hands. Write 2020 on the other side of the hands.**
 - 8. Write the message shown at the top or create your own message.**
 - 9. Hang it up somewhere in your home you look at every day. 😊**
 - 10. Have fun.**

We love our families!
