

# Grade K: April 29, 2020

## Overview: Subtraction

### Things to know:

1. Sit with mom, dad, grandparent or guardian, or your brother or sister to practice the activities for the day.
2. If you do not have the supplied worksheets or access to any of the worksheets, it is fine to create your own based off the supplied worksheets.
3. More specific directions are provided on each sheet/activity that goes along with these lessons. I will send these sheets through email.

**Explanation:** You will learn about subtraction and make subtraction stories.

Tasks	Resources
1. <b>Calendar Math:</b> Complete today's calendar activities.	Document: <b>Calendar Activities</b>
2. <b>Learn:</b>	Watch the instructional video to learn about subtraction and subtraction stories.
3. <b>Try:</b> Complete the "Try" Activity	Watch a video for guidance and additional support while you complete the "Try" pages provided or use it to check your work after completing the "Try" pages.
4. Complete the "Independent Practice" and turn it into your teacher	Complete the independent practice problems independently provided for the lesson. You will turn these into me, and I will check your understanding. If something is not done correctly, I will ask you to complete the problems that are incorrect again to show you understand the concept.
5. Complete fact practice	April Calendar Math Activities, Extra Practice Math Booklets, Adding and Subtracting real objects inside and outside the house, following a recipe
6. How is this assignment turned into the teacher?	Take a picture of your work when it is completed and send to your teacher. Thank you!
