

# Grade Kindergarten: May 11, 2020

**Overview:** Subtraction: Fluently Within 10

## Things to know:

1. Sit with mom, dad, grandparent or guardian, or your brother or sister to practice the activities for the day.
2. If you do not have the supplied worksheets or access to any of the worksheets, it is fine to create your own based off the supplied worksheets.
3. More specific directions are provided on each sheet/activity that goes along with these lessons. I will send these sheets through email.

**Explanation:** You will practice subtracting fluently within 10.

Tasks	Resources
1. <b>Calendar Math:</b> Complete today's calendar activities.	Document: <b>Calendar Activities</b>
2. <b>Learn:</b>	Watch the instructional video to review addition and learn about subtracting within 10.
3. <b>Try:</b> Complete the "Try" Activity	Watch a video for guidance and additional support while you complete the "Try" pages provided or use it to check your work after completing the "Try" pages.
4. Complete the "Independent Practice" and turn it into your teacher	Complete the independent practice problems independently provided for the lesson. You will turn these into me, and I will check your understanding. If something is not done correctly, I will ask you to complete the problems that are incorrect again to show you understand the concept.
5. Complete fact practice	Create and complete 5 math sentences using real life objects. Try <a href="http://www.starfall.com">www.starfall.com</a> today. Use the math sections on this kid-friendly website. Only work on the activities that are free 😊
6. How is this assignment turned into the teacher?	Hope you enjoy the subtraction lesson! You are a math wiz! When you finish, take a picture of your work and send it to me 😊
