

Grade K: May 20, 2020

Overview: Numbers 21 to 50

Things to know:

1. Sit with mom, dad, grandparent or guardian, or your brother or sister to practice the activities for the day.
2. If you do not have the supplied worksheets or access to any of the worksheets, it is fine to create your own based off the supplied worksheets.
3. More specific directions are provided on each sheet/activity that goes along with these lessons. I will send these sheets through email.

Explanation: You will practice counting numbers 21 to 50

Tasks	Resources
1. Calendar Math: Complete today's calendar activities.	Document: Calendar Activities
2. Learn:	Watch the instructional videos: Counting numbers 21 to 50 (Choose to watch 1 video or both! 🔄)
3. Try: Complete the "Try" Activity	Watch a video for guidance and additional support while you complete the "Try" pages provided or use it to check your work after completing the "Try" pages.
4. Complete the "Independent Practice" and turn it into your teacher	Complete the independent practice problems independently provided for the lesson. You will turn these into me, and I will check your understanding. If something is not done correctly, I will ask you to complete the problems that are incorrect again to show you understand the concept.
5. Complete fact practice	Work on your May Math Activity Calendar and/or read a book on Raz Kids or Bookflix that has math concepts in it.
6. How is this assignment turned into the teacher?	When you are finished with your math worksheets, please take a picture and email to me. We can also discuss during my "Office Hours" if you are having any difficulty. Thank you!
