

Grade K: May 27, 2020

Overview: Numbers 51 to 100

Things to know:

1. Sit with mom, dad, grandparent or guardian, or your brother or sister to practice the activities for the day.
2. If you do not have the supplied worksheets or access to any of the worksheets, it is fine to create your own based off the supplied worksheets.
3. More specific directions are provided on each sheet/activity that goes along with these lessons. I will send these sheets through email.

Explanation: You will practice counting numbers 51 to 100

Tasks	Resources
1. Calendar Math: Complete today's calendar activities.	Document: Calendar Activities
2. Learn:	Watch the instructional video: Counting 51 to 100
3. Try: Complete the "Try" Activity	Watch a video for guidance and additional support while you complete the "Try" pages provided or use it to check your work after completing the "Try" pages.
4. Complete the "Independent Practice" and turn it into your teacher	Complete the independent practice problems independently provided for the lesson. You will turn these into me, and I will check your understanding. If something is not done correctly, I will ask you to complete the problems that are incorrect again to show you understand the concept.
5. Complete fact practice	Complete May Math Calendar, work on the new Homework Practice Booklet that I put in the bag your parents picked up from school
6. How is this assignment turned into the teacher?	When you are finished with today's Math worksheets, please take a picture and send to me. We can also "conference" about your work if you are having difficulty during my "office hours". Thank you and have fun learning today!
