

# Grade K: May 18, 2020

**Overview:** Count on by 10s to 100

## Things to know:

1. Sit with mom, dad, grandparent or guardian, or your brother or sister to practice the activities for the day.
2. If you do not have the supplied worksheets or access to any of the worksheets, it is fine to create your own based off the supplied worksheets.
3. More specific directions are provided on each sheet/activity that goes along with these lessons. I will send you these pages via email.

**Explanation:** You will practice counting on by 10s to 100

Tasks	Resources
1. <b>Calendar Math:</b> Complete today's calendar activities.	Document: <b>Calendar Activities</b>
2. <b>Learn:</b>	Watch the instructional video: Count on by 10s to 100
3. <b>Try:</b> Complete the "Try" Activity	Watch a video for guidance and additional support while you complete the "Try" pages provided or use it to check your work after completing the "Try" pages.
4. Complete the "Independent Practice" and turn it into your teacher	Complete the independent practice problems independently provided for the lesson. You will turn these into me, and I will check your understanding. If something is not done correctly, I will ask you to complete the problems that are incorrect again to show you understand the concept.
5. Complete fact practice	Play a board game today with your family, play I spy to spy different shapes inside and outside, or follow a recipe to make a yummy treat!
6. How is this assignment turned into the teacher?	When you are finished with your math pages, please take a picture and email to me. If you need an extra day, that is fine 😊 Thank you!
