

Grade K: Wednesday, April 8, 2020

Overview: Addition Stories

Things to know:

1. Sit with mom, dad, grandparent or guardian, or your brother or sister to practice the activities for the day.
2. If you do not have the supplied worksheets or access to any of the worksheets, it is fine to create your own based off the supplied worksheets.
3. More specific directions are provided on each sheet/activity that goes along with these lessons. I will send these sheets through email.

Explanation: You will use addition stories to help you learn how to add two numbers.

Tasks	Resources
1. Calendar Math: Complete today's calendar activities.	Document: Calendar Activities (sent on email- math resource page)
2. Lesson Introduction:	On math resource page emailed and below Watch the Seesaw instructional video about addition stories.
3. Learn:	Watch the instructional video about addition stories.
4. Try: Complete the "Try" Activity	Watch a video for guidance and additional support while you complete the "Try" pages provided or use it to check your work after completing the "Try" pages.
5. Complete the "Independent Practice" and turn it into your teacher	Complete the independent practice problems independently provided for the lesson. You will turn these into me, and I will check your understanding. If something is not done correctly, I will ask you to complete the problems that are incorrect again to show you understand the concept.
6. Complete fact practice	Extra practice workbook sent home, April Monthly calendar (emailed to your parents)
7. How is this assignment turned into the teacher?	Please take a picture of your work and email it to me. We can also "conference" about your work if you are having difficulty during my "office hours".
