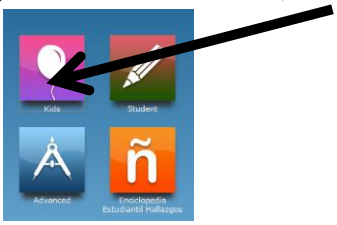
Library Databases/Research Tools

1. World Book Kids (access via Holicong Library Databases)

➔ When you visit World Book, choose "Kids" for basic research articles

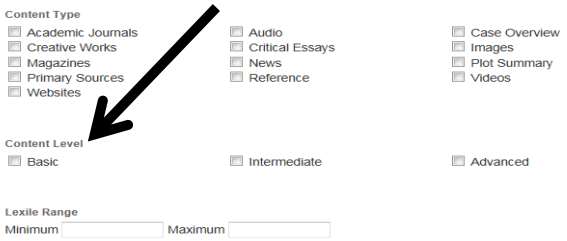


---

2. Student Resources (access via Holicong Library Databases)

➔ When searching, click "Advanced Search"

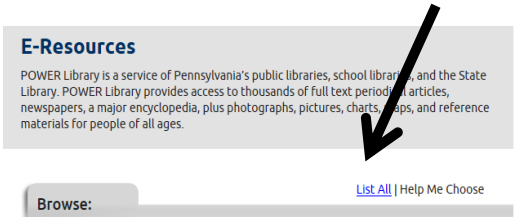
➔ Choose the level of article based on readability



---

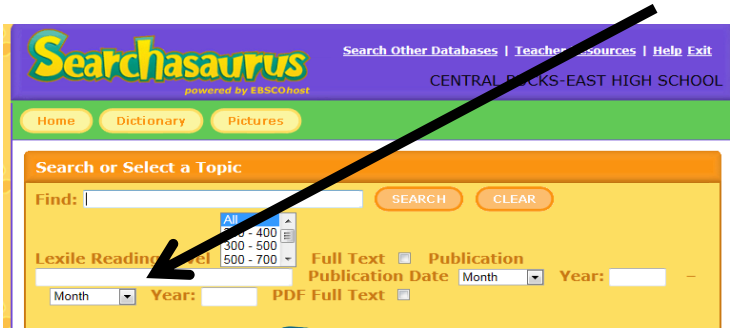
3. Access PA: Searchasaurus (access via Holicong Library Databases…then click on Access PA)

➔ After clicking on Acccess PA…click "List All"



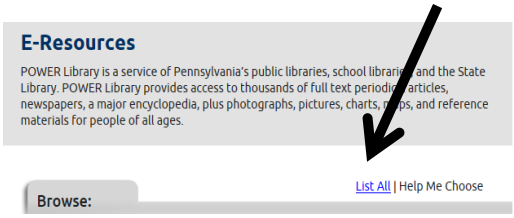
➔ Scroll down and click on "Searchasaurus"

➔ Students can do a basic search and/or search by Lexile Level



4. Access PA: Kids Search (access via Holicong Library Databases…then click on Access PA)

➔ After clicking on Acccess PA…click "List All"



➔ Choose "Kids Search"

---

5. Instagrok (access via Holicong Library Databases or www.instagrok.com)

➔ This tool provides students with a web diagram for their results. Meaning, if they don't know much about their topics this search will provide them with subtopics related to their main topic in the form of a web. Great visual and a place to start.
