**Assignment:** Meet with a member or members of the choir that attended the after-school rehearsal that you missed.

- 1) Find out what songs we practiced at rehearsal. For each song that was rehearsed, find out the key elements that we focused. In other words, what did we do to sound better on the song(s)? What suggestions did Mr. Sanchez or others give to improve the performance of each song?
- 2) Find out any logistical procedures that were taught that day. (for example, finding seats, walking to risers, etc.) Explain any important points about each logistical procedure.

**Write down your answers to the 2 questions above on a separate paper, attach it to this page, and turn it in to Mr. Sanchez. You should have at least 3 notes about each song that was rehearsed and a list of logistics.**
