Important Information for Elementary School Parents for the 2014-2015 School Year

The Central Bucks School district uses **Infinite Campus** as its student information system. The **Parent Portal** allows parents/guardians to view schedules, attendance, immunizations, and assessment information. Parents can also update demographic information for their family.

*Effective with the **2014-2015** school year, elementary school parents will also be able to view, print, and/or save their child's progress report directly from the Parent Portal.*
