**Equipment Rental & Liability Release Agreement**

- I accept for use AS IS the equipment listed on this form and accept full financial responsibility for the care of the equipment while it is in my possession. I will be responsible for the replacement at full retail value of any equipment provided under this form, but not returned to the shop. I agree to return all rental equipment by the agreed date and time.
- I understand that the ski/boot/binding systems cannot guarantee the user's safety. In downhill skiing, the binding system will not release at all times or under all circumstances where release may prevent injury or death, nor is it possible to predict every situation in which it will release. In snowboarding, cross-country skiing, skiboarding, snowshoeing and other sports utilizing equipment with non-releasable bindings, the binding system will not ordinarily release during use; these bindings are not designed to release as a result of forces generated during ordinary operation.
- I understand that the sports of skiing, snowboarding, skiboarding, cross-country skiing, snowshoeing and other sports, including the use of lifts (collectively "RECREATIONAL SNOW SPORTS") involve inherent and other risks of INJURY and DEATH. I voluntarily agree to expressly assume all risks of injury and death that may result from these RECREATIONAL SNOW SPORTS, or which relate in any way to the use of this equipment to be issued to the user. I have read and understand the notice of risks on the lift ticket and agree to be legally bound hereto.
- I understand that a helmet designed for RECREATIONAL SNOW SPORTS use will help reduce the risk of some types of injuries to the user. I recognize that serious injury or death can result from both low and high energy impacts, even when a helmet is worn.
- I AGREE NOT TO SUE AND TO RELEASE, Jack Frost Mountain Ski Area, Big Boulder Ski Area, JFBB Ski Areas, Inc., Peak Resorts, Inc., and Vail Holdings, Inc., including their agents and employees, officers and directors, as well as the equipment manufacturers and distributors and their successors in interest (collectively "PROVIDERS"), from all liability for injury, death, property loss or damage (past, present, and future), that in any way results from the use of facilities or participation in recreational snow sports or is in any way related to the use of the equipment issued to the user, including any liability that results from the NEGLIGENCE OF PROVIDERS or any cause for which a release is enforceable by law.**
- I agree to hold harmless, defend and indemnify PROVIDERS for any loss or damage that results from claims or lawsuits related to participation in the sport of skiing, or the use of the facilities, including any that results from personal injury, death, property loss or damage related in any way to the use of this equipment.
- I agree that all disputes arising under this contract for use of rental equipment as described on this form, or use of the facilities at Jack Frost or Big Boulder Ski Areas shall be litigated exclusively in the Court of Common Pleas of Carbon County or in the United States District Court for the Middle District of Pennsylvania.
- This agreement is governed by the applicable law of the Commonwealth of Pennsylvania. If any provision of this agreement is determined unenforceable, all other provisions shall be given full force and effect.
- I agree to reimburse providers at replacement value for any loss or damage to this equipment.

**I Have Read and Understand This Equipment Rental & Liability Release Agreement.**

# Classify Yourself

## DETERMINING YOUR SKIER TYPE IS YOUR RESPONSIBILITY

Your Skier Type, height, weight, age, and boot sole length are used by the shop technician to determine the release/retention settings for your bindings. Consult these descriptions to select your classification. Be sure to provide accurate information. Errors may increase your risk of injury.

### Type I

*Cautious skiing on smooth slopes of gentle to moderate pitch*

Skiers who designate themselves as Type I receive lower than average release/retention settings. This corresponds to an increased risk of inadvertent binding release in order to gain release-ability in a fall. This type also applies to entry-level skiers uncertain of their classification.

Skiers not classified as Type I or III

### Type II

Skiers who designate themselves as Type II receive average release/retention settings appropriate for most recreational skiing.

### Type III

*Fast skiing on slopes of moderate to steep pitch*

Skiers who designate themselves as Type III receive higher than average release/retention settings. This corresponds to decreased release-ability in a fall in order to gain a decreased risk of inadvertent binding release.

(This classification is not recommended for skiers under 481bs.)

If from experience, you have been dissatisfied with the release/retention settings that result from your skier classification, mention this to your binding technician.
