

# Central Bucks ELEMENTARY BAND AND STRINGS

## INSTRUMENT RENTALS

2022-2023 School Year

### WHY RENT?

Renting is a great opportunity to learn on a quality instrument without spending a large sum of money on an instrument upfront. Additionally, some instruments (like string instruments) are produced in different sizes, and the size your child needs will change over time. However, your child is welcome to join with a purchased instrument or one you already own.

Please note, while there are many inexpensive instruments available for purchase online, we do not recommend them for students, as the quality is insufficient and you may find them frustratingly difficult to maintain.

### VENDORS

You may choose to rent from any reputable instrument vendor.

**RUSSO**  
MUSIC

**Zeswitz**  
Since 1923

Russo and Zeswitz are vendors that deliver and service rental instruments to CB schools. Please visit their websites for rental information.

### NEXT STEPS

Once you've completed the enrollment form, your child is officially signed up for lessons and further information will be emailed shortly. If you are struggling to find an affordable instrument, please contact your school's music teacher.
