

My Goal Today: I will learn to endorse and deposit a paycheck into my account.

It's Payday! KEY

What to do with a check that is written to you?

- ▶ **Deposit** the check into your bank account

- ▶ **Cash** the check and get the money (cash)

Endorsing a Check

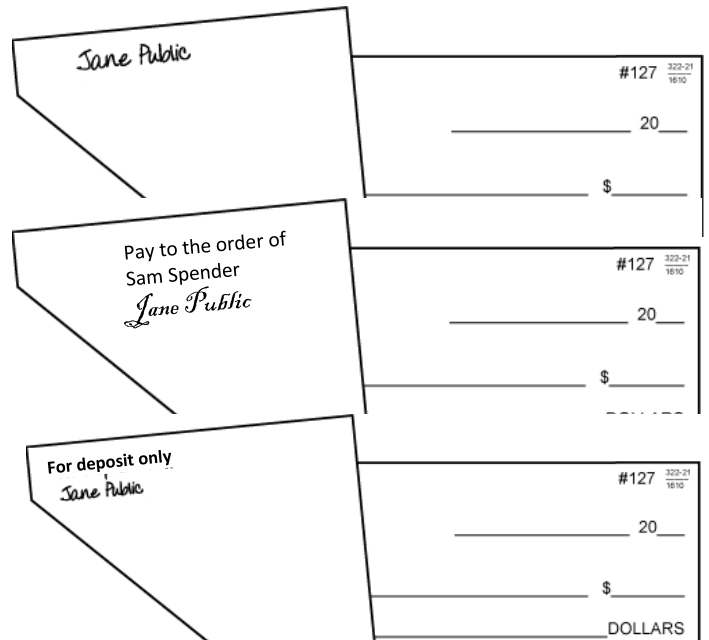

Checks must be endorsed (signed) before you or someone else can cash them or deposit them into an account.

Where/How do you endorse the check?

- **Begin with the check in front of you**
- **Flip up so you see the back side**
- **Rotate clockwise (to the right) 90°**
- **Draw 3 lines across the top**
- **Endorse**

Types of Endorsements

- **BLANK** Endorsement –use this if you want to **cash** or **deposit** your check. It requires your **signature** only.
- **SPECIAL** Endorsement – sign check **to make someone else payee of check**. It includes **the name of the person** you want to get the check, as well as your signature.
- **RESTRICTIVE** Endorsement – **check can only be deposited** into your account and specifies instructions to bank. This is the **safest** way to endorse a check.

My Exit Ticket: I will use the proper endorsement to deposit my paycheck.
