Five Day Financial Expenditure Journal Assignment

This assignment will show you where your money is currently going as well as how you tend to pay for things. Fill in the columns for EVERY expense you incur over the five days. Attach receipts to this paper, but if you use a credit card, blackout the number on the receipt. If you need more room, use the back. Be sure to categorize your spending using these categories: food, clothing, car/gas, entertainment, gifts, miscellaneous.

When it's all filled in, total the number of items and the amount of money spent. This will be collected for a grade.

| Date | Item Purchased | Method of payment | Item Price | Category |
