

How do I sign up for a Canvas account as a parent?

Parents can sign up as an observer in Canvas. Observers can link their Canvas account to their student's account so they can see assignment due dates, announcements, and other course content. Observers can view the course content but cannot participate in the course.

This lesson is for parents who do not have a Canvas account and want to observe their students in their courses.

If you already have an account from your student's institution, log in to Canvas using the credentials given to you.

Notes:

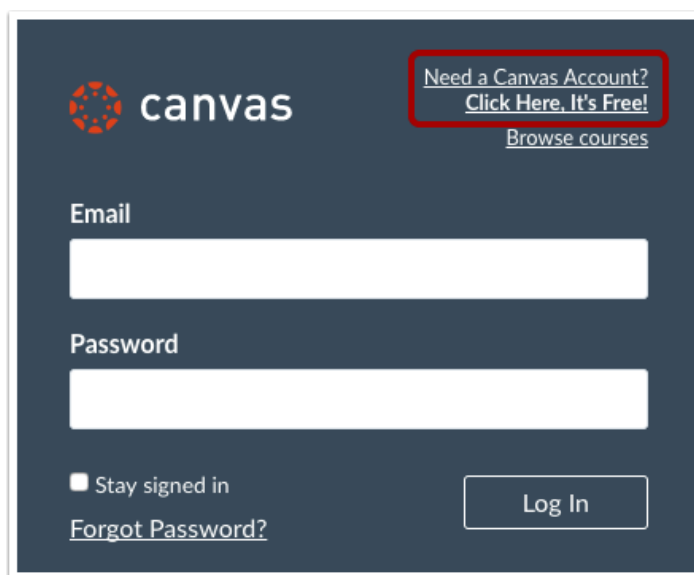

- If the registration banner is not available in the login page, the institution has not enabled this feature. Please contact your student's institution for assistance. The registration banner is enabled through Canvas authentication.
- To observe a student, you must have a [student pairing code](#).
- Once you have an account, you may be able to view student information through the Canvas Parent app. Access to the Canvas Parent app is controlled by the student's institution. If you already have an account from your student's institution as an observer, you can always view student information through the Canvas Parent app.

Open Canvas URL

In a browser window, enter the institution's Canvas registration URL (e.g. [canvas.instructure.com](#)).

Click to Register

A screenshot of the Canvas login page. The page has a dark blue background. At the top left is the Canvas logo. At the top right, there is a red-bordered box containing the text 'Need a Canvas Account? Click Here, It's Free!'. Below this box is a link that says 'Browse courses'. In the center of the page, there are two white input fields: one for 'Email' and one for 'Password'. At the bottom left, there is a checkbox labeled 'Stay signed in' and a link that says 'Forgot Password?'. At the bottom right, there is a white button labeled 'Log In'.

Click the account link at the top of the page.

Begin Observing

You can begin observing your student in Canvas immediately.

HOW TO OBTAIN STUDENT PAIRING CODE – *Torin will need to login to get this code.*

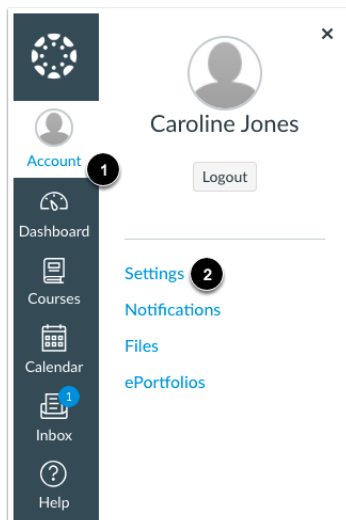

If you [signed up for a Canvas account as a parent](#), you can add students to observe within the same institution. Additionally, if an institution created an observer account linked to a student for you, you can add students to observe.

To link yourself to a student, you will need to enter a student-specific pairing code. Pairing codes are case sensitive and are valid for seven days. Students can generate pairing codes from their User Settings. Depending on institution permissions, admins and instructors may also be able to generate pairing codes. For more information on pairing codes, view the [Pairing Codes - Frequently Asked Questions PDF](#).

Notes:

- You cannot add students whose accounts are not within your same institution (Canvas URL). To observe students in another institution, you must sign up for an account using that institution's Canvas URL.
- If you are not able to access all of a student's courses, the option to link to additional students is not available to you.
- Once you have linked to a student from the Observing page, you cannot remove the student. To remove a student, please contact the student's instructor.
