

10th grade MUSIC scheduling

If you have any other scheduling questions, please email Neil Delson via ndelson@cbsd.org

(For 10th grade Band scheduling, the examples here are listed as Concert Band, if you were selected for Symphonic Band, you would simply replace Symphonic for Concert Band)

Question 1: Are you planning to take TWO music ensembles? (such as Choir/Orchestra or Band/Choir or Symphonic Band/Jazz Ensemble)

- If **Yes**, proceed to question 3
- In **No**, proceed to question 2

Question 2:

Which A/B Course(s) do you want to take on the opposite of your music ensemble? (choose from options 1 or 2)

Option 1: Select two of the following 18 week A/B courses

- MUSIC THEORY (highly recommended for 10th grade any and all Music students!)
- PE/HEALTH (18 week a/b) (Most 10th graders pick this option and one other, although PE can be deferred to another year)
- Music Technology*
- Music Creation/Production/Marketing*
- Musical Theater/Tech*

*Recommended to take Music Theory first, but not required

OR

Option 2: **AP PSYCHOLOGY** (Full year 36 week a/b)

- If you intend to take AP Psychology: This course counts as an elective in 10th or 11th grade. This means you will need to choose one of the required 10th grade Social Studies courses in addition to this course. If you take AP Psychology in 12th grade, it can replace the required S.S. credit in that year.

Proceed to Question 3

Question 3:

Do you plan to take TWO Science classes (Biology and Chemistry) in 10th grade year?

- **If YES**, you would select “**MODERN WORLD HISTORY**” (honors or academic) as your S.S. Credit to make music fit into your schedule. If you still want an AP course: you can select AP Psychology as your A/B course opposite of your Music ensemble and still have a doubled science)
- **If NO**, you have the option of taking either **AP EUROPEAN HISTORY** (27 weeks) or **Modern World History** (18 weeks)

If you want to schedule, AP Euro History, TWO science courses, **MUSIC**, and English, Math, World Language, then **Music WILL NOT fit in this schedule.** Please consider the options below as an alternative:

- If you want to take TWO science courses AND an AP Course with MUSIC, please consider taking AP Psychology, Modern World History and doubled Science (SEE CHART # 3)
- If you want to take AP European History and MUSIC, you will need to take only one science course. It would also be possible to take **BOTH** AP European History AND AP Psychology in 10th grade. (SEE CHART # 3)

CHART #1

(two music ensembles)

	MP1	MP2	MP3	MP4

 - 1. **a doubled science** (Chemistry) or doubled math
 - 2. another elective course like ART
 - 3. any 18 wk. course (*including the 18-week everyday version of AP Psychology*)
 - 4. PE/Health and another 9 wk. (.5 cr.) elective

If you fill your schedule and did not make room for P.E./Health, you will need to make sure to find room in your schedules in 11th or 12th grade year to complete your required PE credit.
