

Home Design

Name: _____

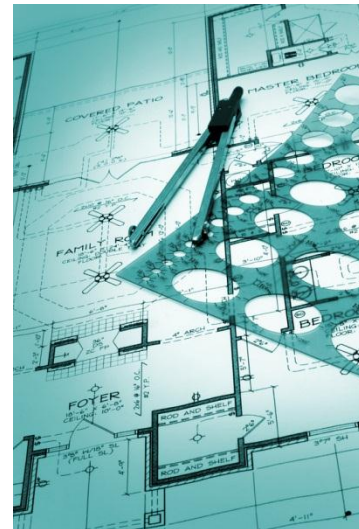

Take a look at the floor plans on your table and try to figure out the symbols that represent the various objects found on house plans. Draw a picture in the "I Think" box. We will review the correct answers as a class.

Object	I Think	Correct Answer	Object	I Think	Correct Answer
Wall			Closet Shelf		
Window			Stove		
Door			Kitchen Sink		
Shower			Bathroom Sink		
Tub			Tile		
Toilet			Cabinets		

House Plan Requirements

When working on your rough sketches and final house plan you must include the following to create a successful house:

- 3 Bedrooms
- 1 ½ Bathrooms
- Family/Living Room
- Coat Closet near entryway
- Closets in Bedroom
- Shelves in closet
- Kitchen
- Cabinets
- Toilets
- Walls
- Windows
- Tub
- Front & Back Door
- Tile

Remember open floor plans are ideal in today's home designs. When designing your house make sure to double check for the following: organize home by room areas, hallways to private areas and make sure you do not have hallways to nowhere.
