

Holicong Huddle

Fall 2019 Edition

Cheerleading - Coach Madden

The Holicong Cheerleaders were 10 voices strong this fall. This season they cheered the football team on at all five home games. The squad agreed that some of the favorite moments from their fall season included: cheering on the football team against Tohickon at Patriot Stadium, making the spirit sign during practice, and meeting awesome new friends. The girls are excited for winter season to begin so they can grow as a squad and cheer on the Holicong basketball teams!

Field Hockey Varsity - Coach Szymborski

That's a wrap for Holicong 8th grade field Hockey! Our record 4-1-4. We had our first and only loss in the semi-finals to Tohickon 1-0. We scored a total of 14 goals, we had 35 total corners, our goalie had 59 total saves and only let 4 goals in all season! These girls came a long way—I am so, so proud of all of them! We had a strong defense and a handful of defensive saves this season. Our offense gave it their all and pushed as hard as they could! I can't wait to watch them all grow and become stronger field hockey players in the coming years.

Field Hockey JV - Coach Meyer

What a great season for the Holicong 7th grade field hockey team! The girls finished with an outstanding undefeated season with 8 wins. The girls scored a total of 19 goals and were only scored on once. Everyone worked together and set goals for each game and accomplish them. Avery and Abby stepped up to play goalie when we did not have a goalie. Overall the girls showed a great season of teamwork and playing together as one!

Football Varsity - Coach Updale

The 2019 Holicong football varsity gridders put out their youngest team ever with seventh graders accounting for almost half the starting lineup. Despite their youth, the Colonials gave every team a good fight. "No doubt it was a rough season, but the win loss column does not define us" coach Updale pointed out. "Resilience, perseverance and character are the words I use to describe our team. Despite a rocky season, there were plenty of bright spots for the Colonials. Mason Slaughter, the cornerstone of the offensive and defensive line lead the team in tackles, while Josh DeLorenzo and JP Bayne lead the rushing attack. Along with Slaughter on defense, undersized seventh grader Reid Ermigiotti and Caiden Ingram played rock solid football for the Colonials.

Holicong Huddle

Fall 2019 Edition

Soccer Varsity - Coach Cochran

The 2019 boys varsity soccer team had a great season. The team went undefeated in the regular season, making it to the district final. The soccer match was tied after regulation and remained tied after double overtime. Holicong varsity played great but came up short for another district title in a penalty shootout. Overall, we are proud to say Holicong finished with a record of 9-1. Holicong soccer has long prided itself on hard work and team unity, and this year's team exemplified both of these characteristics. Congratulations to the team for such a great season!

Soccer JV - Coach Reed

The Seventh-Grade soccer team grinded out a 2-4-2 record this season, facing some of the toughest competition they have seen in years. After losing both goalies the first week of the season, the team showed great resilience by earning tough victories against Tamanend and ties against the league leading teams, Tohickon and Lenape. Most importantly, the team improved during the season. Specifically, they played tougher and stronger on the ball as they adjusted to the middle school game. Great job guys!

Girls Tennis - Coach McGullam

The girls varsity tennis team ended the season with an overall record of 4 wins and 3 losses this year. Everyone played well throughout the fall season, with many showing noticeable improvement from the beginning until the end. Everyone played with good sportsmanship and meshed well together as a group. Kate Zhangchen, who played first singles this year, ended with a 5-2 record and took 2nd place overall in the Central Bucks Middle School Tennis Tournament.

Boys Tennis - Coach Grosse

The boys tennis team finished the season with a winning record by scoring 4 wins to just 3 losses. 7th grader Aum Mehta and 8th grader Kevin Taylor won 1st place in the CBSD Doubles Tournament. 8th grader Aaron Rose defeated his opponent to capture 3rd place in the Singles Tournament. We look forward to watching the current 7th graders step up next year to fill the spots left by the 8th graders that I've enjoyed working with for the past two seasons.
