

Future 6<sup>th</sup> Holicong 6<sup>th</sup> Grade Students,

We hope you are well and enjoying this beautiful day! Please know we have also included your parents because we don't know how often you check email during the day and didn't want this to get missed. We hope by now you have had the opportunity to watch our orientation video and see the other resources provided on our [Holicong 6<sup>th</sup> Grade Orientation Page](#). We realize this provide **A LOT** of information and hope it answered your questions. However, videos do not provide you the opportunity to hear "directly" from us...and we have found a solution! At Holicong we like to share information in the easy "5 W" format, so here goes for information regarding our **6<sup>th</sup> Grade Live Team Event!**

**Who (attending):** All 6<sup>th</sup> grade students attending Holicong next year are invited to attend.

**Who (leading):** Dr. Shillingford, Mr. Canelli, Mr. Striano, 7<sup>th</sup> Grade staff, and a few student leaders.

**What:** [Live Team Event Student Attendee Link](#) - A Live Teams Event (similar to how you attend classes/meetings with teachers) allows you to hear from us directly to answer questions & provide overview of life at Holicong.

**When:** Friday, June 5<sup>th</sup> from 11:00 – 11:30

**Where:** Teams Meeting Link (just click here)

**Why:** Opportunity to meet "virtually" as a 6<sup>th</sup> grade class and see and hear from us "live"

**How:**

1. Just click on the link on Friday at 11:00 – [Live Team Event Student Attendee Link](#)
2. You will be entered in our Teams meeting – it is very easy!
3. We will review the "big ticket" items and want to provide an opportunity for you to ask questions in advance of the meeting so we can answer them as best you can! To allow for this we have created a FAQ for you to provide questions in advance. Please click on the link below to provide questions – we will **close this link on Thursday at 3:00** so we have time to review them in advance of Friday's live event to have your answers ready for you!

We hope you can join us but please know that if you cannot, we hope to record the event and add it to our 6<sup>th</sup> Grade page. Thank you!
