

OOKA

Since 1997

DOYLESTOWN

Bryan Rosica, a Bucks County native, was a teacher and counselor at Buckingham Elementary School in CB for 26 years. In December 2020 he was diagnosed with ALS (aka Lou Gehrig's Disease), a rapidly progressive, neurodegenerative disease, with no known cure. ALS requires in-home care that alone can annually exceed \$200,000 and is not covered by insurance.

Bryan has three amazing children and has been married to his beautiful wife Lisa, also an educator, for over 25 years.

He has dedicated his life to being a loving father, husband, soccer coach, and active member of the community.

Please join OOKA as we support the Rosica Family Medical Trust.

100% of EVERY purchase of the ROSICA ROLL will go to the family.

THANK YOU for coming alongside Bryan in his fight against ALS!

March 1st to March 31st, 2023
