

Welcome to Team 7-2 !

Your team teachers are enthusiastically awaiting September 8th and are excited to spend a fun, inspirational, and unique year with you!

Team 7-2's theme is **"Standing Strong Together."** Over the course of the school year, you will be provided with many opportunities to work with each other, people within our community, and beyond. As a team, we will not only join forces to ensure your academic success, but also to help each other become stronger individuals who are able to grow, adapt, and learn from each experience in your first year of middle school. We pride ourselves on being a team that is genuine, welcoming, and hardworking. Since we will not be able to start the year physically standing together, your teachers are already preparing ways for us to create a strong virtual community. We are all in this together!

Your Team 7-2 Teachers

 Mr. Barno	<i>Social Studies</i>
 Mrs. Barraclough	
 Mr. Breeden	<i>Science</i>
 Mrs. Brunner (Team Leader)	<i>Language Arts</i>
 Ms. Slotterback	
 Mr. Hilbert	<i>Learning Support</i>
 Mrs. Hampstead	
 Ms. D'arcangelo	
 Mr. Simon	
 Mrs. Paglione	<i>Math</i>
 Mrs. Smith	
 Ms. Nikolopoulos	

What is a Holicong Team?

There are three seventh grade teaching teams. **Team 7-2** is your **"home"** for the school year. Your team of teachers constantly works together to coordinate test days and due dates as well as to discuss student development and needs. A team is only strong if all its members work together to succeed!

Please look out for an important email and survey from your team teachers in the coming days!

1:1 Laptops

We are looking forward to another wonderful experience with the 1:1 Laptop Program that allows every student to have their own laptop to use during the school year. Your teachers are eager to introduce you to Canvas, OneNote, Teams, and other online learning resources! Should you have any issues with your laptop, you can use the link below (which is also available on every teacher's Canvas homepage.) [District Tech Help](#)
