

Carrot Patch Cookies

Follow the directions and check off each step after it is complete.

_____ 1. Do you have the following supplies at your space?

- 3 pre-made carrot candies
- 5 pieces of Sugar Wafer cookies
- Dixie cup of chocolate frosting
- Dixie cup of “dirt dessert” (cookie crumbs and frosting mixed)
- 1 knife
- 1 paper plate

_____ 2. If you have all of your supplies, you may begin.

_____ 3. Take a LONG cookie and lay it down on your plate so that it is flat.

_____ 4. Take two LONG cookies and stand them up so that they were long and attach them to the flat cookie laying down with your chocolate frosting

_____ 5. Take two SHORT cookies and stand them up so that they complete the cookie box. It should look like a planter you would plant flowers in.

_____ 6. Fill each planter box with the dirt dessert and then press the three candy carrots inside.

_____ 7. Your project should look like the picture at the top of the page.

_____ 8. When you are finished, raise your hand for a teacher to check your work.

Enjoy! You may make THREE total carrot patches.
