

Grade 2, Day 6 Math: Geometric Shapes and Graphing

Directions: Refer to the attached STEAM project to make a self-portrait out of geometric lines and shapes you have learned in calendar.

PROJECT WORK

STEAM

Paul Klee
Paul Klee was an artist and a musician. Colors were important in his work. So were lines and geometric shapes.

Task
Self-Portrait
Work in pairs.

- 1 Use a colored paper to cut flat shapes with different lines, curves, and sides.
- 2 Use a marker to draw a self-portrait on a piece of art paper.
- 3 Put glue onto your self-portrait.
- 4 Cover your self-portrait with shapes.
- 5 Share your work. Talk about the shapes you used. Make a class art wall.
