

CB EAST MARCHING PATRIOTS

2023 DRUMLINE AUDITIONS

Monday, May 15, 2:45-4:00, at CB East

All students will be accepted as part of the CB East Marching Patriots. The drumline auditions are intended to assign parts that best allow for individual growth and ensemble collaboration.

Students will audition in person for a panel of staff members. Auditions will not be blind – it is important for the staff to see the technique of each performer.

Students should prepare the following sections from the warm-up book distributed during spring training:

- 16th note Timing
- Chicken and a Roll
- Solo #1

Students may also be asked to demonstrate their understanding and technique in rudiments selected from the 13 essential rudiments (see other side). You can access a demonstrate of traditional rudiment performance here: <https://youtu.be/HfaQ2bJuHGc>. A QR code is also included below music for your reference.

Students should play the instrument they think is most appropriate. Everyone should play the solo line on a snare drum.

Students should plan to meet at the CB East band room after school and auditions will be done on a first come, first serve basis.

It is only necessary to audition for the drumline if you are completely confident that you will be participating in the marching band over the summer and fall.

Final decisions will be made by the staff panel. Students will be assessed on their technique, musicianship, and marching. Students should plan to mark time during the exercises and solo.

DIRECTOR

16th NOTE TIMING

Brian S. Mason

Rehearsal Notes

This exercise works on the accuracy of playing the four 16th/8th rhythm permutations. Here are a few things you should work towards when rehearsing this exercise:

- Start at a slow tempo, working with a metronome or play-along track. The bass drums provide the 16th base on which all other instruments should line up the rhythmic figures.
- Marking time while playing the syncopated rhythms in measure 2 & 4 are occasionally problematic. If this is the case, first isolate one beat of the rhythm (plus a downbeat following) at a very slow tempo, then two, three, and finally all four. It's often helpful for students to think of "playing their feet" on the 16th rest in the 4th measure.
- **Snares/Tenors:** There should be a constant motion on repeated strokes (right hand strokes in measure 1&3, left hand strokes in measures 2&4) – similar to the "8 on a hand" exercise. The hand playing one stroke per measure should freeze immediately after the stroke (LH meas. 1&3, RH meas. 2&4).
- **Cymbals:** This exercise works on five different techniques to create new sounds. Watch the section video for this exercise to see a demonstration of each technique.

Snare Drum

The musical score consists of two staves. The top staff is for the Snare Drum, showing a continuous pattern of sixteenth-note strokes with accents. The bottom staff is for the Cymbals, showing a pattern of eighth-note strikes with 'x' marks. The score is divided into four measures by vertical bar lines. Each measure has a label below it: R... for the first, L... for the second, R... for the third, and L... for the fourth. The tempo is indicated as 120 BPM.

Cymbals

S.D.

This section continues the musical score from the previous page. It starts at measure 5 and includes two more measures of Snare Drum patterns and two measures of Cymbal patterns. The labels R... and L... appear under the Snare Drum measures, and the Cymbal measures show a variety of eighth-note patterns. The tempo remains at 120 BPM.
