

## SIDE FOR WHITE RABBIT / TALL ALICE/DODO BIRD

ALICE

Oh, there you are. How do you do. My name is-

WHITE RABBIT

Mary Anne, Mary Anne hurry, I can't find my gloves

ALICE

But my name isn't...

WHITE RABBIT

Mary Anne, Ginger, Gilligan, I don't care what your name is, don't argue with me, you're making me later than I already am. Hurry, hurry my gloves, somewhere in my house

ALICE

*(looks inside White Rabbit's house)* Mary Anne? I should think I know my own name! Boy I never knew rabbits could be so pushy. Next, I'll be taking orders from my pet iguana. *(taking magic cookie)* Oh! Look another cookie. I really shouldn't, but he'll never even notice. *(Alice eats the cookie and spins off stage)*

CHESHIRE CAT 1,2,3

Famous last words. Alice took one bite and grew as big as a house. The White Rabbit's house to be exact. Her arms and legs stuck out the windows and doors- and the roof sat on top of her head.

TALL ALICE

*TALL ALICE enters* Oh, no. I can't go out in public in this house dress. I've got to do something.

WHITE RABBIT

Help! Help! There's a monster in my house.

DODO BIRD

We'll burn down the house

WHITE RABBIT and TALL ALICE

Nooooo!

DODO BIRD

Hurry up now. Gather the wood. Anybody got a light? I'm all out.

TALL ALICE

Didn't your mother always tell you not to play with matches?

WHITE RABBIT

Just hurry please. I'm late!

TALL ALICE

Oh Dear! I better do something fast. Maybe if I eat one of those carrots growing in the rabbit's garden
