

Hello

- You have the first ten minutes of class to ask questions about quiz content.
- If there are no questions, we can start early.
- Please get a formula sheet, calculator and a pencil out.

Homework

- Physicsclassroom.com
- Work, Energy and Power
- Lessons 1 and 2
- Read and take notes

Quiz

- You will have the remainder of the period to work on the quiz.
- If you are finished, put the quiz under your formula sheet.
- You may work on material for another class.

Laptops

- Grab a laptop from next door.
- Start looking at material on Work, Energy and Power.
