

Hello!!

Please grab a practice final.

There is a formula sheet on the last page.

Have out a pencil and a calculator.

Today:

You have the first hour to work on the final.

We will begin reviewing requested problems at 2:05.

; You have <10 minutes left to work.

Finish the final overnight.

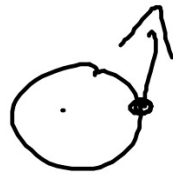

Requested material:

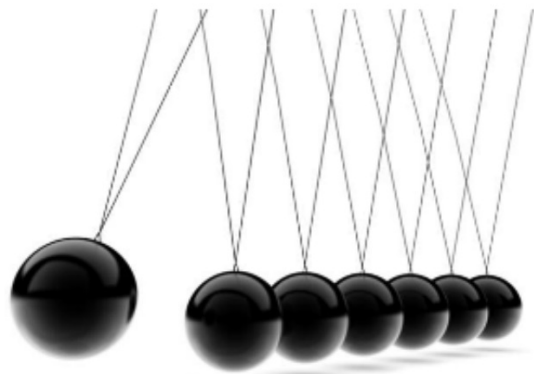

V-4: 2-4

2) Same ΔX , Same time

3) 

4) 

Physics I Midterm Review Contest

U-5: 2

$$W = F \cdot \Delta X \cos \theta$$

. + : lifting

θ : carrying

. - : lowering

Waves #6

a) interference

b) reflection - $\Delta\theta$

c) refraction - $\Delta\theta$ & Δ material

d) diffraction
