

## March 31, 2020 Kutz Science Fair Project Timeline (Use this at home to track your progress)

Name(s): \_\_\_\_\_

Week #	Begin Week of	Procedure	Notes	Done ✓
1-2	Jan. 30	Decide on an idea/topic for your science project.	Begin gathering your materials for your project. Be sure to read the Science Fair Rules! <b>Complete the Registration Form on MyPaymentsPlus by Monday Feb 17th.</b>	
2-5	Feb. 3	Begin your experiment or project and record your observations.	<u>Display boards will be sent home the week of 3/2.</u>	
6	March 9	Finalize project and begin work on your display.	Create a list of what you still need to do to complete your project.	
6-7	March 16	My project is complete; my display board is complete.	Have you read and followed all of the Science Fair Rules?	
7	March 23	Prepare for presentation and any hands-on display for the fair.	A letter will go home with additional tips about how to make your project interesting to fair interviewers and visitors.	
8	March 30	Set up your project and display board between 6-8 p.m.	Display setup in Kutz Gym.	
8	March 31	Science Fair 6:30-8 p.m. in the Kutz Gym.	Families and friends are invited to attend! Refreshments will be served.	
8	March 31	Remove displays from the gym after the fair.	Pick up your participation certificate and ribbon as you leave with your display. Great job!
