Hi Friend!

I hope this freebie helps you, your students or your own family enjoy a language-rich experience and appreciate the beauty and wonder that exists wherever you are.

These scavenger hunts are designed to enhance language concepts and descriptive vocabulary including categories, sizes, functions, textures and more! As children sort through their environment at this higher linguistic level, they will gain a deeper appreciation for the world around them.

I hope you enjoy this language-rich experience inside and outside of your home! I encourage you to take photos on your devices and reflect on the experience afterwards, particularly on your beautiful nature walk!
