Articulation: K/G

This deck of *Pair-Ups: K/G* targets /k/ and /g/ in the initial, medial, and final positions in words. There are 26 identical pairs of cards.

At first, present up to six pairs of /k/ or /g/ cards at a time and make sure your students can label them and match them appropriately. Your students can use the cards to practice their articulation skills while playing games requiring matching pairs of cards, such as Go Fish and Memory. A student can say the word or say the word in a sentence, depending on the articulation goal.

Use your own judgment about the complexity of the responses to require from your students, depending on their expressive language skills.
