

# CONNECT-6 BINGO!

Prevocalic

**r**

Three 6x6 bingo cards are shown, each with a red border. The cards contain various illustrations and words, with a dice roll indicator in the top-left corner of each cell. The words are all related to the phonics theme of 'Prevocalic r'.

Prevocalic

## INSTRUCTIONS

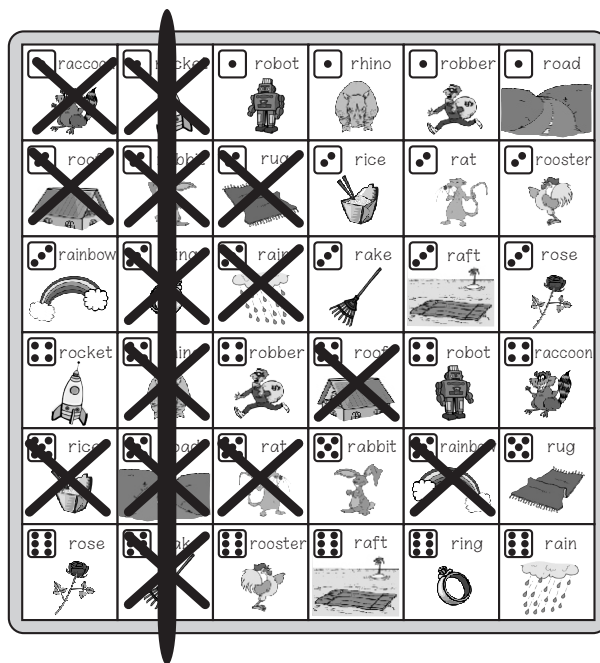

### Getting ready:

Two word boards are provided in this pack. Select the appropriate board/s for your student/s to practice the prevocalic /r/ sound in initial or medial positions. Print the word boards and laminate to make a lasting resource.

### You will need:

- a word board for each player
- a dice
- bingo chips (or something similar) or a dry-erase marker for each player

The aim of the game is to be the first to cross out or cover six squares in a straight line (vertically, horizontally or diagonally) - and to practice saying prevocalic /r/ at word or sentence level.

### To play:

Take turns to roll the dice.

When it's your turn, roll the dice and choose any square on the board that shows that number.

Say the word out loud (or put it in a sentence) and then cross it out or cover it with a bingo chip (or a button or cardboard square, etc). Then pass the dice to the next player. The first player to cover six in a row, in a column, or from corner to corner calls out 'Bingo!' and is the winner.
