

LEADING THE WAY

The Central Bucks Schools will provide all students with the academic and problem-solving skills essential for personal development, responsible citizenship, and life-long learning.

Summer 2020

Dear Parents/Guardians:

In an effort to generate enthusiasm for reading during the summer months, our summer reading program provides students with CHOICES for reading.

Our goal is to have students reading on a regular basis because they *choose* to do so. When students are interested and engaged in a book, reading becomes a *meaningful* part of their lives. For this reason, we encourage students to choose books that interest them.

We encourage you to be involved in conversations with your child about the book they choose. When family plays an active role in their child's reading life, students can witness firsthand the role reading can play in their lives.

At CB East, the librarian and teachers have assembled a list of book suggestions for students. Your child is not required to choose a book from this list, but please refer to it if your child is searching for suggestions for what to read this summer. When students and staff return to school in the fall, book discussions will be held in homeroom providing everyone with the opportunity to share what they read over the summer. Our goal is to promote reading for pleasure and build on the school culture at CB East.

Below is a link to a Sway presentation with suggestions...[Summer Reading Sway 2020](#)

Thank you for being an important part of our reading community!

Melissa Burger, MLIS
K-12 Library Coordinator
